BRAZIL

WHO WE ARE

Your Connection to Brazilian Supply

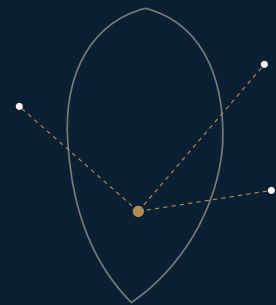

Órbis Global Supply is a Brazilian international sourcing and business development company. We connect international buyers with selected Brazilian suppliers, producers and commercial opportunities.

Based in Bahia, one of Brazil's most important agribusiness regions, we work to connect with producers, suppliers, industries and commercial partners across the country.

Our role is to understand the specific requirements of international buyers and identify potential suppliers and commercial opportunities in Brazil. Our sourcing capability extends across different regions of Brazil according to the requirements of each project.

Demand-Driven Sourcing

We evaluate supply opportunities according to the specific requirements of each buyer — product specifications, volume, quality standards, destination and commercial terms.
